## NATURE AND ANIMALS

Through direct contact, children and young people experience the cycles of nature and have the opportunity to grow up with animals. This strengthens their empathy, self-confidence, and sense of responsibility.

## THE ASSOCIATION

As an independent youth welfare organisation, our association runs an educationally supervised adventure playground with animals. The Youth Farm is financially supported by the city of Filderstadt. Nevertheless, the association relies on volunteers. Only through this engagement can we offer our open activities.

## DIVERSITY AS ENRICHMENT

The Youth Farm is colourful, and our visitors are diverse. Cultural diversity, integration, and inclusion enrich our daily work.

## LEARNING THROUGH EXPERIENCE

We are part of Filderstadt's educational landscape. Here, young people expand their knowledge through hands-on activities and experimentation. Cooperation and togetherness are always at the centre.

## PLAYING FOR LIFE

At the Youth Farm, children and young people can shape their free time and develop their own ideas. They are not alone – our social educators support them.

The Youth Farm is a meeting place for children and young people – a place that creates space for self-directed and responsible activities.

All areas and activities are exclusively for **children and young people from 1st grade onwards**.

Visiting the Youth Farm is **voluntary, free of charge**, and does **not require registration**.
